International EUCanScreen conference

Personalised cancer screening – lessons learned and the way forward

Please read the *To note – at the bottom of this agenda

The conference is organised by the EUCanScreen Joint Action by involving experts from this Joint Action as well as recognised specialists from outside the consortium.

The objective of the meeting is to share cutting-edge evidence in personalised cancer screening to facilitate evidence-based decision-making in introducing screening personalisation.

Participants from inside and outside of the EUCanScreen consortium are welcome to participate.

Timekeeper: Tala Haddad

Time	Session	Speaker
8:30 - 9:00	Welcome and Registration	
9:00 – 10:00	Opening Plenary: risk-based approaches in cancer screening	
	Moderator: <i>TBC</i>	
	Conceptual framework of risk-based approaches to cancer	Paolo Giorgi Rossi
	Modelling the scenarios of risk-based approach	Iris Lansdorp - Vogelaar
	Personalised Screening: Ethical and Social Implications	Signe Mezinska
10:00 – 11:00	Discussion	
	Focus 1: Cervical cancer	
	Moderator: <i>TBC</i>	
	Risk-based cervical cancer screening: the RISCC Study	Hans Berkhof

	Personalised cervical cancer screening – Norwegian experience.	Stale Nygard
	Towards more scalable screening programs (based on technology development) – how to keep up with the speed?*	Mari Nygard <i>*Title subject to change</i>
	Discussion	
11:00 – 11:30	Coffee Break	
11:30 – 12:30	Focus 2: Breast cancer Moderator: Paolo Giorgi Rossi	
	Risk-based breast cancer screening: My Pebs trial	Suzette Delalogue/ Paolo Giorgi Rossi
	Organisation implementation issues – lessons my MyPebs and beyond	Livia Giordano
	Hereditary breast and ovarian cancer risk genetic population screening pilots in Baltic-Nordic region.	Arvids Irmejs
	Discussion	
12:30 - 13:30	Focus 3: Newly recommended screenings Moderator: <i>TBC</i>	
	Risk-based approaches in prostate cancer screening	Agne Krilaviciute
	Risk-based approaches in lung cancer screening	Harry De Koning
	The potential of personalised screening for gastric cancer risk	Marcis Leja
	Discussion	
13:30 – 14:30	Lunch break	
14:30 – 15:30	Focus 4: Innovative approaches of screenings Moderator: <i>TBC</i>	
	The Can.Heal recommendations on the implementation of PRS in organised breast cancer screening across European health systems	Angelo Pezzullo
	Multicancer early detection approach how to integrate this to organised cancer screening programs	Jonathan Wan

	A holistic approach to assessment of AI	TBC
	Discussion	
15:30 – 16:00	Coffee break	
16:00 – 17:00	Focus 5: Colorectal Cancer	
	Moderator: Carlo Senore	
	Cancer screening risk-based approaches: monitoring and evaluation	Carlo Senore
	Precision FIT screening and surveillance for colorectal cancer	Tony Hsiu-Hsi Chen
	Overview of microbiome as a potential tool for personalised CRC screening	Mathieu Almeida
	Discussion	
17:00 – 18:00	Closing Plenary: Communication and citizen involvement	
	Moderator: TBC	
	Communication issues in cancer risk-based approaches: lessons learned from MyPebs	TBC
	Literature review on cancer screening risk-based communication	Cinzia Colombo
	Cancer screening risk-based approaches: the citizens perspectives	TBC
	Discussion	

* To note:

If you are part of the EUCanScreen project, please note that although there isn't a specific budget line to attend this event, you may cover the travel and accommodation expenses from other budget lines. However, you may not decrease your planned involvement in tasks. Therefore, no Grant Agreement changes are necessary.

** For non-EUCanScreen partners, please note that you may have to sort out your own travel and accommodation expenses to attend this conference.*
